“Chess is not just a game, it's a way to think, plan and win in life.”

OUR LEARNING PROGRAM

Our step-by-step curriculum helps students become complete chess players.

Chess Fundamentals
Understand the board, pieces, rules and basic strategies.

Opening Principles
Learn smart openings and develop a strong start.

Middlegame Planning
Improve positioning, piece activity and strategic thinking.

Tactical Combinations
Discover powerful tactics like pins, forks, skewers & combinations.

Endgame Techniques
Master king & pawn endings, checkmates and winning methods.

Tournament Rules
Learn FIDE rules, time control and fair play.

Chess Notation
Record and read games like a true chess player.

Time Management
Learn to think and move efficiently under pressure.

Practical Game Analysis
Analyze your games and learn from every move.

Critical Thinking & Decision Making
Chess builds focus, patience and smarter choices in life.

OUR GOAL

To create internationally competitive chess players while nurturing responsible, confident and intellectually strong individuals.

OUR ACTIVITIES

At Malhar's Chess Academy, we believe in learning through practice and participation.

1 MONTHLY CHESS TOURNAMENTS

We conduct both offline and online tournaments every month to help students improve their skills, ratings and confidence.
